Bachelor of Science in Computer Science (BSCS)

Currently Enrolled • Karachi, Pakistan

CGPA (3.78/4.00)

TECHNICAL SKILLS

📄 Languages	HTML • CSS • JavaScript • Python • C++
🗄 Database	MySQL
🔧 Tools	VS Code • Vercel • Oracle
🤝 Soft Skills	Leadership • Communication • Focused

PROJECTS

Wantrix.dev • SaaS Marketplace & Developer Community Platform (in development)

A platform where students and indie developers can showcase SaaS products, connect through a social feed, and discover projects. Includes revenue via marketplace commissions.

- ▶ Key Features: SaaS marketplace, developer profiles, social feed, project discovery
- ▶ Tech Stack (Planned): Next.js • Node.js • Supabase • Cloud Hosting
- ▶ Status: Currently in planning & development phase

Printing Shop Management Database System • SQL / Database Design(completed)

Designed and developed a comprehensive database system with well-structured tables for Customers, Materials, Orders, Employees, Machines, Suppliers, Payments, and Shop details.

- ▶ ERD creation, normalization, primary & foreign key design
- ▶ Stored procedure: auto-generates monthly sales reports per customer
- ▶ Trigger: automatically updates stock levels when a new order is placed
- ▶ Tech: MySQL • Oracle

Course & Video Finder Website • Frontend Development(completed)

A curated website listing focused, to-the-point courses and relevant video resources based on a structured learning journey — designed specifically for students who struggle finding quality material.

- ▶ Built to solve the real problem of overwhelming, unfocused course content
- ▶ Tech: HTML • CSS • JavaScript

Drawing App • Python / Tkinter(completed)

A desktop drawing application built with Python Tkinter featuring a rich set of creative tools.

- Features: Color palette, adjustable brush size, undo/redo, save & delete
- Tech: Python • Tkinter

Personal Portfolio Website • *Frontend Development*(completed)

Designed and developed a personal portfolio website to showcase projects, skills, and professional profile.

- Tech: HTML • CSS • JavaScript • React
